JOB POSTING

Who We Are

BREDO DRY DOCKS is one of the leading shipyards for remodeling, repair, and maintenance of all types of ships. At our three locations in Bremerhaven and Cuxhaven, about 300 employees form a dedicated team that successfully completes every order.

What We're Looking For

Due to the long-term secured good order situation in all business areas, the project department is also being strategically expanded. We are offering the position of

JUNIOR PROJECT MANAGER (m/f/d)

As a Junior Project Manager, you will be prepared for the later position as a project manager within the framework of a one-year trainee program, which is completed in all areas of the company.

Your Area of Responsibility

- Processing inquiries and specifications from customers for refurbishments, repairs, and remodelings
- Technical clarification with customers and inspection of ships
- Negotiations with subcontractors and suppliers
- Development of proposals for customers
- Invoicing and negotiation with customers
- Personal customer support and assistance in acquisition

Your Profile

Ideally, you bring the following qualifications:

- Master craftsman, technician, or engineer, MSc, BScs, or similar in shipbuilding, mechanical engineering, naval architecture, or other maritime sectors.
- Good English language skills, both written and spoken
- Computer skills in MS Office
- Willingness to work according to the operational requirements

We Offer

- An interesting and varied job, "on, in, and under the ship"
